

29th Norchip Conference

14-15 November 2011, Lund, SWEDEN

Norchip

General Scope of the Conference

The NORCHIP conference is the main microelectronics event of the Nordic countries.

The annual IEEE CAS technically sponsored conference covers all areas of microelectronics, spanning from large digital systems to simple analog circuits. The wide scope of NORCHIP is intentional promoting cross-field collaboration. NORCHIP is a well established conference with representation from both academia and industry. Papers of the highest scientific and technical quality are presented together with selected invited speakers and pre-conference tutorial sessions.

Technical programme

The twenty-ninth NORCHIP conference will take place on 14-15 November 2011. The Management Committee invites people from academia and industry in all Europe to contribute papers. Contributions for the 2011 conference in Lund should be in the following areas:

- Digital and analog Microelectronics/nanoelectronics
- Embedded systems, FPGA and rapid prototyping
- Biomedical Circuits and Systems
- Sensors, Imagers, MEMS devices
- Sensor interface circuits, data-converters
- Measurement, modeling, and simulation of hardware
- Mixed mode designs, high frequency circuits, design for testability
- CAE, design tools, VLSI design methodology, neural networks
- Packaging and interconnect
- Network-on-Chip
- Wireless Circuits and Systems

Papers may be selected for either lecture or poster presentation. Equal quality measures will be applied to posters and lectures. All accepted papers will be published in the conference USB proceedings and on IEEE Xplore.

Papers will be selected on the basis of a full length paper (4 A4 pages, additional 2 pages can be acquired for 100 EUR) by the Management Committee based on a peer review made by the Review Committee. Papers should be submitted no later than 19 August 2011.

Submission of Contributions

The USB proceedings will be composed from camera ready pdf files supplied by authors. The paper must follow the IEEE standard as described in the "submission of contributions" section at www.norchip.org.

Submitted papers must not exceed four (six) A4 pages with all illustrations and references included. Papers should be submitted as a pdf file no later than 19 August 2011 (see instructions on www.norchip.org).

Authors will be notified in September 2011. Papers selected for presentation will be presented in USB conference proceedings which will be distributed upon registration. Proceedings and all presentations will be in English.
